GUARANTEE

We guarantee our stock to be first class, free from disease, and as advertised in this catalog. We exercise the greatest care in keeping our stock true to name. Since most failures with newly transplanted nursery stock are caused from improper planting, lack of proper care after planting, and climatic conditions, we cannot be held responsible for any failures. We will, however, replace at half-price any plants that do not prove satisfactory or any plants that die. We will also replace free of charge any plants that prove untrue to name or description. In no event, however, will we be liable for any amount greater than the original purchase price of the plants.

LIABILITY

We shall not be liable for injury to stock from fire, hail, frost or other causes beyond our control. We accept all orders upon the condition that the order shall be void should any injury befall our stock over which we have no control. We are not liable for delays in transit, but will assist the consignee in presenting claim to and securing claim from transportation company should any delay in transit cause damage to stock.

TERMS AND CONDITIONS OF SALE

(1) We do not do an open account business, but operate strictly on a cash basis. To avoid delay in filling and shipping of your order be sure that your remittance accompanies order in full. Where convenient, please use our order blank enclosed with this catalog and order by catalog number as well as name of plant. Write or print legibly so that we may keep errors to a minimum. Thanks.

(2) We will ship stock C.O.D. provided 25% of purchase price accompanies order, balance to come C.O.D.

(3) All stock is shipped prepaid to customer. The prices quoted in this catalog are the delivered prices to you. Figure this in when comparing our prices.

ACKNOWLEDGEMENT

All orders will be acknowledged immediately upon receipt. At once or rush orders will be shipped within few days after receipt of order, depending of course, on weather conditions. Since early orders have to be filled from the field, please let us know 10 to 15 days prior to shipping date if possible. After January 1st, we can generally make shipment same day order is received.

SUBSTITUTIONS

We will not substitute unless authorized to do so. Many times certain varieties sell out early or are scarce. Where such is the case we would appreciate the privilege of supplying a similar variety. If substitutions are acceptable, please advise so on the order blank.

IMPORTANT NOTICE

The WAXAHACHIE NURSERY COMPANY was established in Waxahachie, Texas, in 1898 and was moved to Tyler, Texas, in the Summer of 1950 so as to better serve its customers. We have only one place of business and that is located seven miles west of Tyler, Texas, on the Dallas Highway. We have no connections with any other nursery here or elsewhere and are not a branch of any other nursery. Please do not confuse us with any nursery having a similar name. R. H. (Ben) Freeman, Jr., is the general manager of the WAXAHACHIE NURSERY COMPANY and has held this position since September of 1940. Our policy is to supply you with the finest stock obtainable at a fair, competitive price. If you have never ordered from us before, we urge you to give us a trial and compare the dollar value of our stock.

TWO-YEAR-OLD FIELD-GROWN ROSE BUSHES

Roses are our specialty and we are glad to offer a large assortment of varieties. All roses offered in this catalog are two-year-old, field grown bushes, budded low on multiflora japonica understock. All roses offered in this catalog have been dusted, fertilized and cultivated regularly and grown on productive sandy land. These roses will bloom for you the first season planted and have bloomed this past season in our fields. Since we are now specializing altogether in Rose Bushes, we have discontinued our general list of ornamentals, bulbs, etc.
